

One of our older dogs, Henry, was sore during 28 performances in 8 days of the WNFR (Wrangler National Finals Rodeo). Henry is a stray dog that was given to us that our Vet, Wes Whitman, (Slim Pickens Son-in-law) feels had fallen off of a truck and was dragged. He has problems with **arthritis in his hip** and will cough if he pulls on his collar. We were afraid we needed to retire him from performing because he was sore doing his tricks. We had just started all 14 of our dogs on HealthyCoat two weeks before we embarked on this performance schedule. Now after the dogs have been on HealthyCoat for two months, Henry acts like a kid again. **All the dogs have gained softer, glowing coats, with less shedding.** Follow us on facebook: Davis' Muttley Crew.

Bert and Frannie Davis, The Coppertown Clown

I've used many products, HealthyCoat is the best by far. **Less labor and time spent brushing and grooming.** No matter the animal, all my animals are healthier. **"My animals never get sick while on HealthyCoat. Great for the immune system."**

DAILY FEEDING DIRECTIONS

Add HealthyCoat to your dog's daily diet according to the weight chart below. HealthyCoat is to be fed to all classes of dogs, puppies, pregnant and nursing female dogs and all adult dogs. Start gradually, a slight change in a dog's diet may disrupt eating habits or digestive system.

BODY WEIGHT	# OF PUMPS PER DAY
Under 25 lbs	1 = 1 tsp.
25-50 lbs	2 = 2 tsp.
50-75 lbs	3 = 3 tsp.
over 75 lbs	4 = 4 tsp.

*Storage: HealthyCoat is extremely stable. For best results avoid high heat and direct sunlight. Refrigeration is not required.

INGREDIENTS

Mechanically extracted soybean and flax seed oil, lecithin, niacin, biotin, vitamin B supplement, natural flavors and mixed tocopherols (Vitamin E as a preservative).

GUARANTEED ANALYSIS

Total fatty acids/crude fat, minimum	98%
Unsaponifiable matter, maximum	2.0%
Insoluble Impurities, maximum	1.0%
Free fatty acids, maximum	0.50%
Vitamin E, minimum	250 IU/lb.

RICH IN OMEGA 3 AND 6 ESSENTIAL FATTY ACIDS AND VITAMINS THAT BENEFIT SKIN, COAT, VITALITY AND OVERALL HEALTH FOR YOUR DOG!

**BACON
FLAVORED**

HealthyCoat for dogs is available in 16 ounce (1 pint) and 32 ounce bottles (1 quart). Now available in the 1 gallon economy refill size!

ALL NATURAL HEALTHYCOAT® WITH MULTIPLE BENEFITS

HealthyCoat, the highest quality Omega 3 and 6 essential fatty acids are preserved due to our unique patented mechanical extraction process. This method uses low temperatures and **no chemicals**.

HealthyCoat is recommended by veterinarians and trainers because it is comprised of the **purest form of Omega 3 and 6 essential fatty acids**.

- HealthyCoat is fully fortified with niacin, Biotin, Vitamin B12, Vitamin E, and contains no artificial preservatives.

Obvious symptoms of fatty acid deficiency are:

- Poor Hair Coat
- Dry flaky skin
- Excessive shedding
- Itching problems
- Flea dermatitis
- Lack of energy
- Poor Performance
- Arthritis, sore joints, inflammation
- Weaken immune system
- Allergies

Our Golden Retriever, due to **old age**, was **losing most of his hair**. After using HealthyCoat he now has a beautiful shiny coat again. The Springer Spaniel has been under veterinarian care for a skin disorder. With HealthyCoat, **we discontinued the amount of steroids** in use and our dog now has a full **show quality coat**. "I am telling everyone in the performance dog and show dog business to add HealthyCoat to their diet. **It truly makes a difference in the quality of their lives.**"

Respectfully, Bill Berry/Berry Kennels

My 9 year old Jack Russell Terrier has had hot spots and bitten himself to the point of bloody sores all over his body. We have taken him to the vet several times with **little results from steroids**, except him getting very fat! A friend suggested we try HealthyCoat and the **results are fantastic!** **No more chewing and itching** and his coat is smooth and shiny.

Thank You HealthyCoat, Glenda Newell

We would like you to know how we feel about your product, HealthyCoat for dogs. Over the years we have tried most of the home remedies and many of the over counter products. **NONE have shown the results HealthyCoat has!**

We own and operate a 36 dog capacity kennel and training facility. We have seen most degrees of skin and coat problems. Sometimes we see dogs with very little hair left.

A client asked us if we had anything that would help her German Shepherd Dog stop shedding so much. We thought about it and decided to give this product a try. WOW, was the response we got from her! She said she was vacuuming at least once a day to keep up with the shedding, **after using HealthyCoat for about a month she could go the whole week. Now we recommend HealthyCoat to all our clients!**
